**Any medical or other issues we need to be aware of? (Allergies, Diabetes, Hyperglycemic, etc.)**

*\*Please note – child is expected to have all required medication or supplies and have sufficient knowledge to manage their condition. Volunteers and Lone Wolf Golf Club will not provide medication to Juniors.*

As the parent/guardian, my signature acknowledges agreement of the following, my child/ward:

- Has the maturity and basic golf skill to be able to participate with limited shot by shot instruction, is able to manage self independently within a group, maintain a positive attitude, and follow the direction of the Supervised Play Volunteer and Lone Wolf Staff;
- Will treat all players, volunteers, staff, course and equipment with respect;
- Will follow the rules of the course and etiquette expected of golfers;
- Will attend all tee times Junior is registered for, ready to golf at least 15 minutes prior to their tee time;
- Will be picked up at the time identified, or within 30 minutes of being called should I be needed prior to the expected pick up time;
- Will provide at least 3 hours of notice if they are not able to attend a scheduled tee time;
- Understands that they may only be registered for a maximum of two tee times at any one time and multiple cancellations may result in their not being able to book more than 24 hours in advance;
- Understands that they are expected to walk and have the required fitness and endurance to do so;
- Will bring appropriate snacks and beverages (or money to purchase such items) they may require during their round, and at a minimum they will have water.

I further understand that the supervision is being provided by Volunteers and the Volunteer and Lone Wolf Golf Club have no requirement to continue to provide this service should the parent or junior not abide by the rules set above. That I will not be going out with my child/ward unless acting as a Supervised Play Volunteer and will then be expected to register and commit to the Code of Conduct for the role.
